Specialization is for insects.
-Robert A. Heinlein.

2. People Development.
(Team Leadership-Live and learn together)

"If you want to go fast,go alone.If you want to go far,go together".
– African proverb.

3. Organisational Development.
(Win-Win Principle-In the classroom of life)

Bear ye ONE ANOTHER'S BURDEN'S,and so fulfil the law of Christ.For every man shall BEAR HIS OWN BURDEN.
-Galatians 6:2,5

4. Mentoring/Networking Development.
(Fathering Values-in the calling of people)

And the things that YOU have HEARD OF ME among many witnesses,the same COMMIT TO FAITHFUL MEN,who shall be able to TEACH OTHERS ALSO.
-2 Timothy 2:2

But it's also important to ask the simple question of whether or not college will actually benefit you. There are a lot of worthless degrees offered and a *lot* of students are majoring in them as Bill Maher notes. So, with college costing an average of $30,500 per year, you may want to consider some facts and stats before taking the plunge:

- Half of US human resource leaders don't think college prepares students for a career
- 90% of US employers would accept applicants without a degree
- Only 1% of US employers care about GPA, instead favoring skill or experience
- 40% of college graduates gained no demonstrable knowledge
- 56% of college graduates said college wasn't worth the time and money
- 73% of college graduates do not end up working in their field of study
- 38% of college graduates end up working in jobs which require no college education
- 80% of college students change their major 1-3 times, which leads to...
- The average student takes 6 years to complete a 4-year degree and...
- The average graduation rate is only 55%

“There is not a square inch in the whole domain of our human existence over which Christ,who is sovereign over all,does not cry, Mine!”

Bill Bright founder of Campus Crusade for Christ had this wise pearl to offer too:

“If we can win the university today,we will win the world tomorrow.”

“Celebrating God,who is already working,in every Christian,every Church and ever Ministry by adding value through Certification” By Brian Leonard Williams.

Matthew 28:19 GO therefore and make DISCIPLES of ALL NATIONS,baptizing them in the name of the Father and of the Son and of the Holy Spirit,

Mark 16:15 And He said to them,“GO into all the world and PREACH the GOSPEL to EVERY creature.

2. Tami Universitas International (T.U.I)

The modern word “university” can be gleaned from the longer Latin phrase: “universitas magistrorum et scolarium” What does that mean? It literally meant “a community of scholars” and therefore by implication,bachelors,masters and doctors” within the Roman Catholic Church.

It was used in the 1300s as “universitas” and later became synonymous with institutions of higher learning in the secularized university that followed in Europe

with unique cultural emphasis and national traditions in Rome,France and Germany and other European countries.

The T.U.I offers:

The T.U.I M.HT(Master of Hebrew Theology is a three year course.
It consists of 40 semester hours divided into 4 months.
The course completion requires 80 Credits.
(15 hours of instruction is equal to one credit hour)

The word curriculum comes from a Latin root word meaning “to run.” So this course will be a mobile course consisting of live classes at various locations or platforms.

It will give classes through the medium of YouTube videos,PDF files,books,seminars and courses by professors from 18 plus countries.

The student/Scholar/Learner/Disciple body is required to submit monthly thought papers,term papers,research papers and an original Hebrew based thesis,with a thesis guide,at the end of three years before graduation which can be in written or audio-visual form.

» 20 hours in a semester.
» 60 minutes of biography.

» 30 minutes of topical studies.
» 7 minutes of life story.
» 4 minutes of workshop snippets.
» 2 minutes for a question expounded.

In June 1998 the Association of T.U.I Ministries adopted the present standard for the Hebrew Based T.U.I.M.HT degree program through a Mentoring Model Paradigm:

A. Religious Heritage: The program shall provide structured opportunity to develop a comprehensive and Hebraic understanding of the religious heritage of the 66 books of the Bible but through a Mentor/Rav/Rev one on one stylus.

B. Cultural Context: The program shall provide opportunity to develop an understanding of the cultural realities and structures within which the Assembly of Yehovah God lives and carries out its mission in a non Hebrew world.

C. Personal and Spiritual Formation: The program shall provide opportunities through which the student may grow in personal faith,emotional maturity,moral integrity and public witness.Ministerial preparation and accreditation includes concern with the development of capacities—intellectual and affective,individual and corporate,ecclesiastical and public—that are requisite to a life of kingdom leadership as exemplified in Yeshua Jesus our Rabbi and Saviour.

D. Capacity for Ministerial and Public Leadership: The program shall provide theological reflection on and education for the practice of ministry.These activities should cultivate the capacity for Biblical Hebraic worldview based leadership in both ecclesiastical and public contexts but through a person guide/teacher/rabbi on a weekly relationship basis.

3. Tami Universitas International (T.U.I)

T.U.I Epistemology:

1. What is Tami Universitas? It is a “Knowing Yehovah God and His Bible” University.
2. It is Redeeming the University back to God and the Bible as it’s chief faculty member and department.
3. T.U.I is a Ministry of The Agape Mission International.
4. Tami means “helping people See” in Japanese.Based on Eph 2:10 where we are created in Christ as a masterpiece before we were born.
5. In Hebrew Tam תָּם also means complete,blameless and undefiled as seen in the books of Job 1:8,Exo26:24 and Ps 37:37.
6. It is a university for life and fruitful living as opposed to ivory tower Christianity of intellectual jugglery that only results in big heads and not big hands of service.
7. T.U.I proposes practical creativity in character and career that is Christlike.

Uni-One!

Is a word-forming element meaning “having one unit only,” from Latin uni-,combining form of unus “one”

1. Universe.
2. Sum of all things.
3. Whole.
4. Over-all aspect.
5. Corporate body.
6. Community.

Key Words:

“Uni” or “One in singularity of unit”
“Verse” means including all and excluding nothing.
“Varsity” also means various subjects.
“Universe”or the whole,the entire number.

Universities grew from the studia generalia of the Roman Catholic Church,which provided education for priests,monks

and scholars.These universities were attended by students from all parts of Europe.

Varsity meant various!
There were many subjects under the one main(Uni)faculty member who is God and one main department called the Bible.The Bible was hailed in all its preeminence over other subjects,which were studied from a Judeo-Christian point of view.http://www.tamiasia.org/Pages/9%20Worlds/Nine%20Worlds/9Worlds.html

Abraham Kuyper:
Like Joshua who was called to all the mountains of his world,we have Abraham Kuyper in 19th Century Netherlands who shared the Joshua Anointing of a Call to All.He saw the Anabaptists of his day as being the followers of the Gnostics cult of the first century (who considered the spiritual world as good and the material world as evil) He and his followers used this Dutch proverb "Met een boekje in een hoekje" which was loosely translated as Little People with "A Little Book in a Little Corner" to chide these christians for living with their faith buried in the ground away from earthly civilian life.(Are we Hermits,Monks and Scholars who are far removed from marketplace Christianity,where people do everyday life?)

His main thesis was this:We have all received "special grace" by which we are saved(Eph 2:8,9)We all also have received "common grace" for our work places.Our jobs,careers and vocations are also filled with his grace.This call to every area of society is for us to be Salt,Light and yeast for Jesus.We are to be and become our unique callings:Whether that be though Arts,Business,Media,Education,Family,Government and Science (Even though these works don't receive salvation grace.Col 1:13-20)

4. Tami Universitas International (T.U.I)

God and His Bible!
Why other faculties,colleges and monastery schools came under Him and His Word?

Universities grew from the studia generalia of the Roman Catholic Church,which provided education for priests and monks and were attended by students from all parts of Europe.Monks prayed and it eventually developed into monasteries and monasticism.Latin Scholars poured their hearts into the word of God and taught the laity which again turned into the movement called Scholasticism.Monks and Scholars learned how to live like Jesus lived and were thus interned in the way Christ lived on earth.They then taught like Jesus taught by being apprenticed to skillfully divide the word of God by the power of the Spirit(as opposed to the so called synagogue bible college)

The word varsity meant various,which means there were many subjects studied under the one main department of the Bible.God and the Bible was hailed in all preeminence over other subjects.But these topics were studied from a Judeo-Christian point of view.

In Europe,the university sadly degenerated into substituting God and the Bible for logic and reasoning.This started in Germany and France and then spread across Europe and the world:This is a fruit of the degenerate and fallen nature of sinful man.

According to historian of science Edward Grant,the creation of the university,the commitment to reason and rational argument,and the overall spirit of inquiry that characterized medieval intellectual life was the secular university.It became devoid of knowing him personally and his word and seeing the world through his eyes and his words.Humanism reigned where the intellect of man was worshipped.

The University then turned into power structures in society that forgot to serve the common man on the streets and the poor and downtrodden in the highways and byways of life.

The fallen university today is an exclusive club of scholars and professors that exalt the intellect and does not include those who have no fattened purses.Tom Bloomer who is the Provost of UofN(Youth with a Mission's University)has this to say "This is the practical manifestation of sinfulness and total depravity of the university"which is characterized by all of life.

Therefore,we must redeem back the university and its colleges to its original place under Yehovah God and the bible as the worldview from which we see languages, literature, math, logic, economics, religions, media, edcation, family, counselling, physics, chemistry, biology, political science and governance.

The Beit Sefer,Beit Midrash and Beit Talmud from the Jews was then adopted in its full value into bachelor,master and doctoral degrees by the Roman Catholic Church.

The Beit Sefer(The House of Books)

The 'Bacheler Degree' meant Knighthood!

1. he name 'Bachelor of Arts' came from the Latin 'Artium Baccalaureus' meaning 'Bachelor of Arts' from Medieval Latin baccalārius.
2. The word 'baccalaureus' later then comes from the Old French(the French language before 1400AD) word *'bacheler' which means 'a young man aspiring to knighthood'*
3. Knighthood was/is valued as an extremely honourable rank,and it was therefore essential that an aspiring knight PROVED HIS WORTH in all fields: physical, social, financial, academic, so on and so forth.[1]

The Beit Midrash(The House of Interpretation)

The 'Master Degree' meant Teacher Licence in any domain!

1. The master's degree dates back to the origin of European universities,with a Papal bull of 1233 decreeing that anyone admitted to the mastership in the University of Toulouse should be allowed to teach freely in any other university.Latin magister ("chief, teacher, leader)
2. The original meaning of the master's degree was thus that someone who had been admitted to the rank (degree) of master (i.e. teacher) in one university should be admitted to the same rank in other universities.
3. He or She could teach on arts, business, church, religions, media, education, family, government and science anywhere and everywhere[2]

The Beit Talmud (The House of Disciple making Disciples)

The 'Doctoral Degree' meant Expounding the Latin Bible!
The term doctorate comes from the Latin docere,meaning "to teach."
Doctor originally referred to the Apostles:

1. The doctorate (Latin:doctor,"teacher,"from doctum,"that which is taught,"past participle of docere,"to teach")
2. Its roots can be traced to the early church when the term "doctor" referred to the Apostles,church fathers and other Christian authorities who taught and interpreted the Bible.
3. The doctorate was universally accepted as the standard qualification for a career as a clergy,teaching and interpreting the bible from its original languages.[3]

5. Tami Universitas International (T.U.I)

T.U.I Statement of Faith:

We believe that the Scriptures of the Old and New Testaments were given by inspiration of the Holy Spirit,and that only they constitute the Divine Rule of Christian faith and practice.
2 Peter 1:20-21; 2 Timothy 3:15-17

We believe there is only one God,who is infinitely perfect,the Creator,Preserver and Governor of all things,and who is the only proper Object of Worship.
Deuteronomy 32:6; Colossians 1:15-17; Matthew 4:10

We believe there are three persons in the Godhead:the Father,the Son and the Holy Spirit,undivided in essence, and co-equal in power and glory.
Matthew 28:19; 1 John 5:7-8

We believe that Jesus Christ was God made manifest in the flesh,truly and properly God,and truly and properly man,and that He,by His suffering and death,made atonement for sin and that,by His resurrection,there is eternal life for all who believe.
Hebrews 2:10, 7:27;1 Corinthians 15:16-17.

We believe that since the fall of our first parents,man is entirely unable,in his own strength,to find salvation and reconciliation with God,and that he is wholly dependent upon God's grace and mercy.
Romans 5:12-14; Ephesians 2:8

We believe that salvation,by God's grace,depends upon repentance,faith in God,cleansing by the shed blood of Jesus,and regeneration by the Holy Spirit.
Romans 3:22-26, 5:8; 8:9-11; Acts 4:12; Ephesians 2:8

We believe that baptism in water is a personal and dynamic

meeting with God,and a sign of the believer's death,burial and resurrection in Jesus Christ.
Matthew 28:19; Acts 2:38; Romans 6:3-4

We believe it is the privilege of all believers,in response to the command of God's Word,to receive the power of the Holy Spirit to live holy and victorious lives,and that the Holy Spirit operates through gifts,ministries and manifestations,to glorify Jesus,through His Body,to the world.
Acts 2:37-39;1 Corinthians 12:1-11

We believe that Jesus Christ,at the time of His ascension into Heaven,where He now sits at the right hand of the Father,gifted the Church with living ministry expressions of Himself,through apostles,prophets,evangelists, pastors and teachers,for the building up of the Body of Christ,and the equipping of the believers to the work of service.
Ephesians 4:11-13

We believe that neither ritual,tradition,ceremony nor rite can replace conversion,relationship with God,or true worship,and that nothing less than the Lordship of Christ upon a life,is the mark of a Christian.
Galatians 3:1-5; John 4:23-24; Colossians 2:8

We believe in the continuance of the Lord's Supper,consisting of the elements of bread and the fruit of the vine, as instituted by Jesus with His disciples,so that we may truly discern the Body of Christ in its totality,unity and authority,and that this celebration stands as a memorial of Christ's suffering and death as well as a service of divine healing and health(though Christ does not die again), and as a prophecy of His coming and,as such,is commanded to all His followers until that Day.
1 Corinthians 10:15-17; 11:23-26

We believe in the physical,triumphant return of Jesus Christ,to an overcoming and glorious Church.
1 Thessalonians 4:14-18

(Nepal,India,China,Bhutan,England,Switzerland,Denmark)

FYI's:For your information?
FAQ's:Frequently asked questions?

(1) What about the accreditation process of T.U.I?
In India,there is ATA(Asian Theological Association) NATA(Nations Association for Theological Association)from Bangalore and Senate of Serampore Accreditation from West Bengal.

In South Korea there are many accreditation agencies that are by peer-reviewed groups,organizations and governments(just like in other countries)

In the United States there is the Youth with a Mission work called The University of the Nations that has thousands of credit giving schools in every country of the world.

In Denmark the government accredits the colleges but there are again many theological colleges that don't get funding and accreditation from the government but still run esteemed organizations.

In Nepal we have many theological degrees offered by colleges here and accredited from more than 15 countries.

T.U.I (Tami Universitas International)is accountable to and accredited by the T.U.I Provost Leadership in Nepal,India,China,Bhutan,England,Switzerland,Denmark.

(2) What about certificates for job hunters after graduating from T.U.I?
The Interns and Apprentices are expected to within 3 years with us,pioneer their own ministries.We honour them with a Bachelor Degree,when they establish ministries.

The Masters and Doctorate degrees are conferred on pioneers who have developed successful ministry teams and have become multipliers of ministries.

Therefore,the T.U.I Model is exactly the opposite of all degrees conferred by today's colleges,who do it within an academic classroom only and then go into the real world to start their work.

(3) Why is T.U.I called a Spiritual University?
It is a Jesus university.It is founded on the lifestyle and model of Yeshua.

Jesus the Way!

Why Jesus was Intelligent in both 'Nature' and 'Nurture'?

Luke 2:52 says that "Jesus increased (grew) in WISDOM and STATURE and in FAVOUR with GOD and MEN"

What this means is that Jesus showed us the way in human development.He started without sin and continued that way,till he was resurrected into heaven in bodily form.(Today and tomorrow we sin less,till one day we will become like him "sinless") Yeshua grew and increased in his Life in four areas. He bloomed in the environment he lived in,even though he was the prefect man.

Body!
He displayed physical intelligence by not only growing physically but using his body at a maximized optimum level in his work as a carpenter and then as an itinerant travelling bible teacher.

Mind!
He also displayed mental intelligence in wisdom by doing things well for the good of all.He was not confined to the uselessness of intellectualism and theoretical head knowledge that served nobody.

Society!
He then expressed social intelligence by having healthy relationships as well as rebuking those who were using people for their own selfishness.

Spirituality!
Finally,his character displayed spiritual intelligence by not bowing to bad things(Immorality) but excelled in moral education through his relationship with his Father in heaven that fuelled him to also serve broken people on earth.

(4) Is the T.U.I model considered a Formal,Informal or Non-Formal University?

Formal Education:
Tami Universitas is designed and is sacrificially providing Internships,Apprenticeships,

Bachelors,Masters and Doctorate degrees in a non academic setting but without forsaking Academia altogether. This is for the 300 plus Churches in Nepal and more churches in the surrounding 9 nations.We do this by bible studies,seminars,conferences,retreats and workshops all around Nepal but also at our Bethesda Bishram Shepherd House for retreats,revivals and renewal initiatives.

Informal Education:
Tami Universitas is serving street kids and other Children at Risk by offering them Tara Schools.We operate one class room which functions daily in each of three slums in kathmandu so that they can learn to read and write.This is at the most basic level in the Bible,language,math,science and the social sciences.We focus on learning through food,play and song.

Non-formal Education:
Tami Universitas is showing the practical love of Messiah Christ to all types of Women at Risk.We offer them job and life skills through a tailoring shop,a computer lab,language classes,a beauty saloon/training centre, a food outlet/

cooking classes,an adult literacy center,a candle-making unit,a handicraft products workshop.

When the ladies taste these eight marketplace crafts they are then sure what they want to do and what they do not want to do.

More than 300 people have passed out from Tami Universitas since 1998.We have many of them who have graduated with honours.Our Alumni are from India,Nepal,China,Bhutan and Pakistan with candidates in the process from Afghanistan,Myanmar,Srilanka and Bangladesh.

(5) Why University Etymology is a Roman Catholic Latin term?

Broadly speaking the university began within Monasticism and Scholasticism in the 1st century church.

Greek orthodox and Roman Catholic Monks served the poor,prayed and served everyone,everywhere.

Scholars on the other hand studied the bible in Latin,Hebrew,Aramaic and Greek so as to teach the universal (meaning Catholic) church by interpreting the bible from its original source.

(6) Why is T.U.I an Inclusive form of higher education?

Ivy League universities the world over serve the richest of the rich and the chosen few.Those students that they have decided are qualified or accepted can be included into their sanctum sanatorium or inner circle.

The T.U.I project on the other hand,wants to make the university available to all because every human being is intellectually unique and capable of giving to society a unique set of skill sets.

(7) What about the fees for Interns,Apprentices and Bachelorettes?

All interns,apprentices and bachelorettes live or are connected to daily ministry in Tami Nepal and it's partners.Bethel Ashrm and Bethesda Bishram hosts interns,apprentices and bachelorettes who live and learn together.They get financial gifts at their graduation as an encouragement to lead:

- in personal spiritual discipleship and disciple making,
- in team leadership model and community development
- in pioneering new things for Jesus independently or with others.

(10) Why nationalize a free government university wedded to the Bible?

By Abraham Kuyper.
